

Ready to start your own chiropractic clinic in Germany?

Look no further than First American Chiro's Partner program! Dr. Bodie Dorrance, a successful chiropractor from Canada, is offering a unique opportunity for chiropractic doctors in Germany. With our program, you'll receive intensive onboarding and training, legal assistance, and a fully equipped clinic in the city of your choice - all without the need for large initial capital.

First American Chiro offers a Partner program leading to ownership of your own clinic in Germany. Included in the Partner program, is an immediate starting salary, language courses and instruction if desired, complete doctor and staff training with constant support, and a fully equipped turn-key clinic.

Your Qualifications:

- Graduate Doctor of Chiropractic or Master of Chiropractic from an accredited institution
- An EU Passport is preferred but non-EU candidates are welcome to apply
- At least 5 years Experience in a clinical setting is preferred
- Must be a confident manual adjuster and demonstrate efficient technique
- Only subluxation-based principled Chiropractors will be considered

What we offer:

- A Partnership leading to ownership of your own clinic in Germany
- Legal assistance in obtaining an independent license to work in Germany
- An immediate starting salary
- Language course and instruction (if desired)
- Complete Doctor and staff training with constant support
- A fully equipped independent turn-key clinic with a split of profits and option to purchase at the end of a set term

Don't miss out on this once-in-a-lifetime opportunity!
